## Cracking and whumphing, Lick Ck

Lick Creek Northern Gallatin 1/20/2019 Code Elevation 6600

Aspect Е

Latitude

45.51280

Longitude

-110.91900

Notes

From e-mail: "Noted shooting cracks and whumpfing on an east facing aspect while skiing from Bozeman creek into wild horse and lick creek. This did occur on a forest service road cut at about 6600ft. Also, we didn't get any prpropagationn our snow pits. ECTN15"
