Snowmobile triggered small slope Lionhead

LIONHEAD AREA Lionhead Range 2/21/2020 Code SS-AMu-R2-D2 Latitude 44.72920 Longitude -111.32300

From IG message: "Was riding up lions head today. Was on the same channel as another group and a member of their group came over the radio and said that he had to roll his sled and it triggered/buried his sled. Didn't get much more info but he was very spooked over the radio. Looked hard on our way out and couldn't find the slid slide
